_LES ESSENTIELS 2020

bongio

MADE IN ITALY SINCE 1936

#BONGIOOFFICIAL

“

L’AUTENTICA CREATIVITÀ
NEL DESIGN
UNISCE ECCELLENZA FUNZIONALE,
INNOVAZIONE TECNOLOGICA
E CURA ARTIGIANALE DEL DETTAGLIO.
UN PRODOTTO BONGIO
È BELLO PERCHÉ INNOVATIVO
E INNOVATIVO PERCHÉ BELLO.

Real design creativity brings together functional excellence,
technological innovation and an artisanal flair for detail.
A Bongio product is appealing because it is innovative
and innovative because it is appealing.

”

Antonio Bongio

TABELLA CODICI E PREZZI / CODES AND PRICES CHART

1.ARTICOLO COMPLETO / COMPLETE ITEM

Esempio / Exemple 01

01	538	CR	16
.01	.02	.03	.04

Esempio / Exemple 02

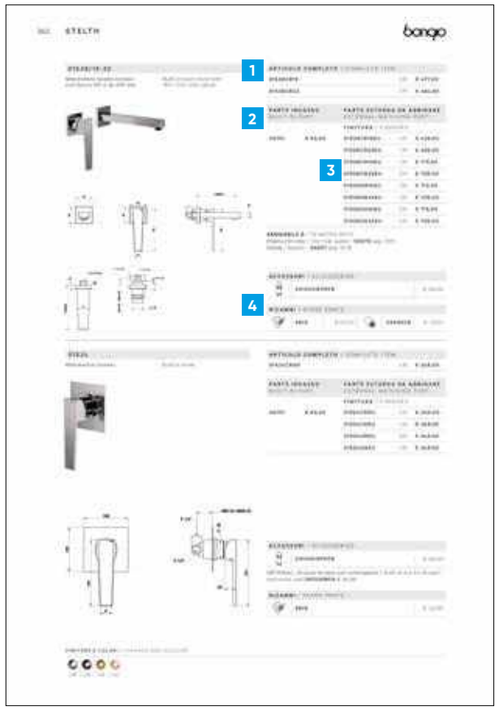

38	538	CR	CR
.01	.02	.03	.04

01 - Le prime due cifre indicano la SERIE
First two digits indicate the COLLECTION
(for ex: 01 = STELTH / 38 = BOWLING)

02 - Le successive tre cifre indicano l'ARTICOLO
Next three digits indicate the ITEM
(for ex: 538 = Miscelatore lavabo incasso / Built-in basin mixer)

03 - Le successive lettere indicano la FINITURA
Next capital letters indicate the FINISH
(for ex: CR = Cromo / Chrome)

04 - L'ultimo gruppo di cifre o lettere indicano la SPECIFICA dell'articolo
Last group of digits or letters indicate the item SPECS.
(ex 1: 16 = bocca 160 mm / 160 mm spout
ex 2: CR = maniglia cromo - finitura della maniglia / chrome handle - handle finish)

2.CORPO INCASSO / BUILT-IN PART

09761

Corpo incasso da abbinare alla parte esterna
Built-in part to combine with external one

FINITURE E COLORI / FINISHES AND COLOURS

CM - CROMO SATINATO
Finitura opaca soft-touch dai riflessi argento-blu, brillanti, soffici e vellutati.

NM - CROMO NERO SATINATO
Finitura opaca soft-touch di color antracite con riflessi brillanti che vanno dal verde petrolio al blu profondo. Una nuovissima finitura molto resistente ed ideale per tutte le tipologie di bagni.

IM - NICHEL SATINATO
Finitura in vernice opaca soft-touch dai riflessi argento-oro, simile al CROMO SATINATO ma con bagliori più caldi.

HM - ORO FRANCESE SATINATO
Finitura in oro 24 kt chiaro, con trattamento soft touch che ne garantisce una maggiore resistenza nel tempo ed elimina l'effetto impronta.

OM - ORO SATINATO
Finitura in oro 24 kt con trattamento opaco soft touch. Luminoso, elegante, senza tempo adatto per tutte le collezioni spaziando dal moderno al classico.

AM - ORO ROSA SATINATO
Finitura ispirata all'attuale tendenza per i gioielli più preziosi, realizzata con una lega di oro-giallo 24 kt e lega color rame.

BM - BRONZO OPACO
Finitura opaca soft-touch dalle sfumature che variano dal giallo-oro all ottone color cacao. Questa nuova finitura bronzo è ideale anche per le serie moderne.

CR - CROMO
È la finitura più utilizzata, con superfici a specchio e grazie agli spessori elevati, risulta anche la più resistente.

CN - CROMO NERO
Finitura simile al cromo, ma dalla tonalità più fredda. Superficie a specchio, resistente, con bagliori simili alla "pietra onice".

NI - NICHEL LUCIDO
Finitura simile al cromo ma dalle tonalità più calde. Inizialmente le superfici risultano a specchio, ma con il tempo si ossidano passando ad una tonalità simile all'argento.

NS - NICHEL SPAZZOLATO
Finitura spazzolata della versione lucida. Può ricordare l'acciaio inox ma con una tonalità più calda. Ideale utilizzata sia per serie classiche che moderne.

PL - PLATINUM
Finitura galvanica cromata ottenuta con una spazzolatura manuale. L'effetto ricorda l'acciaio spazzolato.

AS - ACCIAIO SPAZZOLATO
L'acciaio inox combina i vantaggi di un materiale estremamente igienico, per una garanzia di lunga durata.

FA - FERRO ANTICO
Finitura galvanica ottenuta depositando vari strati metallici di diverse finiture, su cui si effettua una spazzolatura manuale e viene applicata una vernice satinata per mantenere inalterato il caratteristico effetto invecchiato.
Ideale per serie classiche e moderne.

ON - OTTONE NATURALE
Finitura naturale che con il tempo, a contatto con l'atmosfera, cambia la tonalità divenendo di colore più scuro sulle superfici di minor contatto.

BU - OTTONE BURATTATO
Finitura grezza (non lucidata) con effetto semi martellato.

OR - ORO 24KT
Finitura galvanica che si ottiene in bagni elettrolitici di oro 24 kt.

OP - ORO SPAZZOLATO 24KT
Finitura galvanica ottenuta in bagni elettrolitici di oro 24 kt con spazzolatura manuale. Ideale per serie moderne.

TT - TERRA DI TOSCANA
Finitura galvanica ottenuta in più fasi compresa una spazzolatura manuale ed una particolare pulitura con creme lucidanti, effettuata a mano per dare il caratteristico effetto invecchiato.
Questa finitura si ossida con il tempo lasciando più chiare le zone di maggior contatto. Questa finitura viene realizzata con trattamenti manuali e data la particolare lavorazione artigianale può presentare una colorazione non uniforme.

RB - MOKA OPACO
Finitura in vernice opaca a spessore in polvere, dall'intensa tonalità marrone scuro.

BI - BIANCO OPACO
Finitura in vernice opaca a spessore in polvere. Ideale per serie moderne.

NE - NERO OPACO
Finitura in vernice opaca a spessore in polvere. Ideale per serie moderne. Questa finitura viene realizzata con trattamenti manuali e data la particolare lavorazione artigianale può presentare una colorazione non uniforme.

RS-SS-SB-LI
(ROSSO F1 / SUPERSKY / FRAGOLA / LIME)
Sono finiture in vernice lucida, tonalità molto allegre ideali per serie moderne.

CM - MATT CHROME
Soft-touch matt finish with silver-blue reflections, bright, soft and velvety at the same time.

NM - MATT BLACK CHROME
Soft-touch Anthracite matt finish with brilliant reflections, moving from petrol-green to deep-dark-blue. A brand new very resistant finish, perfect in all kind of bathrooms.

IM - MATT NICKEL
Soft-touch matt paint finish with silver-gold shades, similar to MATT CHROME, but much more warmer.

HM - MATT FRENCH GOLD
Light 24 kt gold finish, with soft-touch treatment to guarantee stronger resistance over time and to eliminate the finger-print effect. A refined, discreet, iridescent shade.

OM - MATT GOLD
24 kt gold treatment with soft-touch matt surface. Bright, elegant, timeless, suitable for all collection, modern or classic.

AM - MATT ROSE GOLD
Finish inspired by the current trend on the most precious jewels, made with 24 kt yellow-gold mixed to copper. Soft-touch cover on top and suitable for both classic and minimal collections.

BM - MATT BRONZE
Soft-touch matt finish with changing shades from yellow-gold to cocoa-brass-color. This new bronze finish it is ideal for modern collections too.

CR - CHROME
It is the most required finish with a mirror surface. Our higher thickness of chrome grants higher resistance.

CN - BLACK CHROME
This finishing very similar to the Chrome but more cold. The surface are like mirror with flosh similar to "unix stone".

NI - LIGHT NICKEL
Finish very similar to the chrome but more warm. At the beginning you have a mirror-yellow surface. Then the time and the air change to a silver tonality.

NS - BRUSHED NICKEL
Brushed finish of the am glossy one. It is similar to the platinum but more warm. This could be ideal for both modern and classical collections.

PL - PLATINUM
Brushed chromed galvanic finish, obtained through a manual brushing, with the final effect of the brushed stainless steel.

AS - BRUSHED STEEL
The brushed stainless steel combines the benefits of an extremely hygienic and strong object.

FA - OLD IRON
Galvanic finish obtained by the deposit of different metallic finish, one over the other, plus a manual brushing and a final application of a mat varnish to maintain the old 'effect' during the time. This finish it is the best for the classic and modern collections.

ON - NATURAL BRASS
Natural finish of the raw brass that during the time and in contact with the air, it will change the tonality, becoming more dark over the surfaces of less contact.

BU - BURATTATO
Raw finish (not polished) with hammered effect of the brass.

OR - 24KT GOLD
Galvanic finish obtained by 24 kt gold electrolytic processing.

OP - 24KT BRUSHED GOLD
Manual brushing made on the am gold finish. This has suggested for the modern collections.

TT - TUSCANY BRONZE
Galvanic finish obtained through more phases, from a manual brushing to a particular polishing. Using a special glossy cream, we obtain the effect of an old finish. This finish could oxidized in the time over the parts of most contacts.
This finish is made with manual treatments and may therefore display colours variations due to the particular craftsmanship.

RB - MATT MOKA
Deep dark brown tonality for this finish obteined by powder and then covered by a matt paint.

BI - MATT WHITE
Matt white tonality finishing obteined by powder.

NE - MATT BLACK
Matt black tonality finishing obteined by powder. This finish is made with manual treatments and may therefore display colours variations due to the particular craftsmanship.

RS-SS-SB-LI
(F1 RED / SUPERSKY / STRAWBERRY / LIME)
This finishes are made in gloss paint, ideal for modern series.

INGEGNO ITALIANO

Italian genius

ACQUAVIVA è icona e simbolo di un rubinetto che riporta nell'ambiente bagno l'emozione dell'acqua che scorre libera, senza costrizioni di tubi. Imitata in tutto il mondo, ancora oggi è una delle nostre collezioni best seller.

ACQUAVIVA is an iconic and symbolic water tap that brings the excitement of water flowing freely and unrestricted by pipelines back to the bathroom of your home. Imitated around the world, it is still one of our best-selling collections.

ORIENTAL ECHOS

#ARTOFWATER

1

IL FASCINO DELL'ORIENTE

The magic of The Orient

Muovendosi liberamente su una piastra piana, l'acqua si riappropria della propria essenza mutevole. Le linee estremamente pulite di RIVA HT soddisfano le esigenze armoniche di ambienti che interpretano un minimal *style* di ispirazione nipponica.

Moving freely on a flat plate, water re-appropriates itself of its morphing essence. The pristine clean lines of RIVA HT cater to the need for harmony of living spaces decorated with a minimalist style inspired by Japanese tradition.

Soffi

DESIGN BY **MASSIMILIANO DELLA MONACA**

PUREZZA ARTIGIANALE

Handcrafted purity

Espressione massima della maestria artigianale italiana tramandata da generazioni, SOFFI è un elegante connubio tra il nostro materiale primario, l'ottone, e l'autentico vetro soffiato di Murano. La versione in bianco e foglia oro rende la collezione la soluzione perfetta per ambienti prestigiosi tra suggestioni presenti e passate.

The highest expression of Italian craftsmanship handed down through generations, SOFFI is an elegant combination of our favourite material, brass, and authentic hand-blown glass of Murano. The version in white and gold leaf makes this collection the perfect choice to decorate prestigious living spaces, playing on concepts that are evocative of both past and present.

INFORMAZIONI TECNICHE

Technical details

TIME2020 contribuisce ai CREDITI LEED®. / TIME2020 contributes to meet LEED® CREDITS.
(Leadership in Energy and Environmental Design of the U.S. Green Building Council, GREEN BUILDING PROGRAM)

TIME2020 è realizzata in acciaio inox 316.
CARTUCCIA: la Serie TIME2020 è dotata di diverse tipologie di cartucce: cartuccia Ø 25, 35, senza distributore, progressive e tradizionali. Il funzionamento della cartuccia miscelatrice progressiva si ottiene con un movimento rotatorio in senso orario, ottenendo un erogazione dell'acqua, da fredda a miscelata per passare a calda, questo sistema permette una notevole riduzione di consumo di acqua calda e di energia. La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: la Serie TIME2020 ha un tipo di erogazione morbida. I lavabi e i bidet sono forniti con un aeratore con limitatore di portata a 5≤7 l/m permettendo un notevole risparmio di acqua.
SISTEMI DI DEVIAZIONE: i deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar di pressione.
INSTALLAZIONE: tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare. Per i miscelatori lavabo e bidet da installarsi su piano, devono essere realizzati fori di Ø 35 mm. max e per miscelatori bordo piano Ø 47 mm. Max.

TIME2020 collection has made in brushed 316 stainless steel.
CARTRIDGES: we use different kind of progressive and traditional cartridges: Ø 25 Ø 35.
Progressive cartridges work through a turning clock wise movemet, obtaining a water supply from completely cold water to hot, higly reducing hot and boiler wasting/consumption. The temperature of the plant must not exceed 70°. The ideal working pressure of the plant is 3 bar.
SUPPLY: TIME2020 has a soft supply. Basin and bidet mixers have a limitation of flow to 5≤7 lt/m which reduces the water waste.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure.
INSTALLATION: all the built-in Bongio items are available with universal raw built-in body.
For the basin and bidet mixers to be place on top deck, they require to have Ø 35 mms. maximum holes, and the mixers they require Ø 47 mms. maximum holes.

#SOPHISTICATEDMOOD

1

DESIGN INNOVATION

SOFISTICATO E INFORMALE

Sophisticated and informal

I contrasti cromatici delle superfici esaltano il carattere vivace e ricercato di BOWLING. Le linee essenziali e le eleganti finiture in cromo nero e oro rosa si inseriscono perfettamente in progetti d'arredo dal fascino sofisticato e dall'appeal contemporaneo.

The contrasting colours of the surfaces enhance BOWLING's vibrant and exclusive character. The essential lines and elegant finishes in black chrome and rose gold fit perfectly in interior design projects with a sophisticated charm and contemporary appeal.

INFORMAZIONI TECNICHE

Technical details

CARTUCCIA: La serie Bowling è dotata di diverse tipologie di cartucce: cartuccia ø 25 mm, cartuccia ø 35 mm senza distributore.
VITONI: La serie Bowling è dotata di vitoni a dischi ceramici da 1/4 giro.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Bowling ha un tipo di erogazione morbida.I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano devono essere realizzati fori di ø 35 mm. massimo.

NOTA FINITURE FA / TT
I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

CARTRIDGE: Bowling series uses different kind of cartrdiges: ø 25 mms, ø 35mms without distributor.
MECHANISM: Bowling series has 1/4' turn ceramic disc mechanism .
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: Bowling series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: all the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms. interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

FINISHES NOTE FA / TT
Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

LA CHIAVE DELLA VERSATILITÀ

The key to versatility

Una collezione easy di monocomandi dall'apertura a chiave pratica e funzionale. La disponibilità in vari colori libera la creatività nell'arredo di bagni e cucine rendendo ACQUACARICA protagonista di ambienti residenziali e commerciali dall'appeal contemporaneo.

An easy-going collection of single levers with a practical and handy key-opening. The several colours available for this collection allow you to let your imagination run wild when choosing the furnishing items to decorate your kitchen and bathroom, and make ACQUACARICA the undisputed star of residential and commercial spaces with a contemporary appeal.

INFORMAZIONI TECNICHE

Technical details

CARTUCCIA: La serie Acquacarica è dotata di diverse tipologie di cartucce: cartuccia ø 25 mm, cartuccia ø 35 mm tradizionali senza distributore e cartuccia progressiva ø 25 e 35 mm. Il funzionamento della cartuccia miscelatrice avviene con movimento rotatorio in senso orario, permettendo un erogazione dell'acqua da completamente fredda a miscelata per passare a tutta calda, questo sistema permette una notevole riduzione di consumo di acqua calda.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Acquacarica ha un tipo di erogazione morbida. I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare. Per i miscelatori lavabo e bidet da installarsi su piano, devono essere realizzati fori di ø 35 mm massimo e per miscelatori bordo piano ø 47 mm massimo.

NOTA FINITURE FA / TT
I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

Articoli con cartuccia progressiva disponibili sul sito **www.bongio.com**

CARTRIDGE: Acquacarica series uses different kind of cartrdiges: ø 25 mms, ø 35 traditional cartridge without distributor and progressive cartridge ø 25 and 35 mms. The progressive cartridge works through a turning clock wise movement obtaining a water supply from completely cold to mixed water to total hot water, highly reducing hot water consumption.
The temperature of the plant must not exceed 70°. The ideal working pressure of the plant is 3 bar.
SUPPLY: Acquacarica series has a soft supply. Basin and bidet mixers have a standard limitatio of flow to 8l/m which reduces the water waste.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require 35 mms Ø maximum holes.

FINISHES NOTE FA / TT
Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

Products with progressive cartridges are available at **www.bongio.com**

MINIMAL CHIC

L’ambiente luminoso e total white si riflette in un gioco di specchi dove le linee essenziali, ispirate a geometrie curve, e la finitura in oro spazzolato della rubinetteria diventano protagoniste dello spazio. Disponibile in numerose versioni, AQUA propone un fascino minimal chic di estrema raffinatezza e stile.

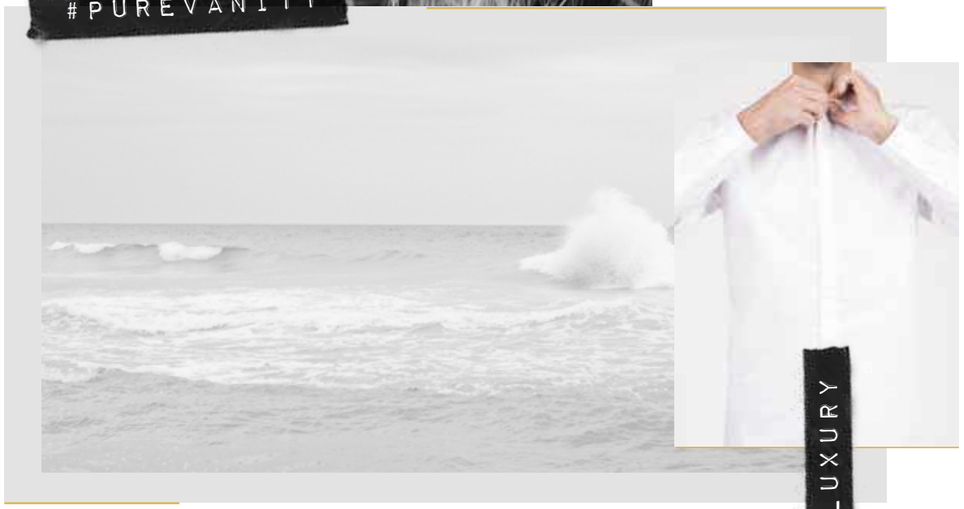

The total white and bright environment is reflected in a juxtaposition of mirrors where the essential lines, curved geometries and finishes in brushed gold of the kitchen and bathroom taps become the focus of the living space they decorate. Available in several versions, AQUA offers a minimal chic appeal that is highly sophisticated and stylish.

INFORMAZIONI TECNICHE

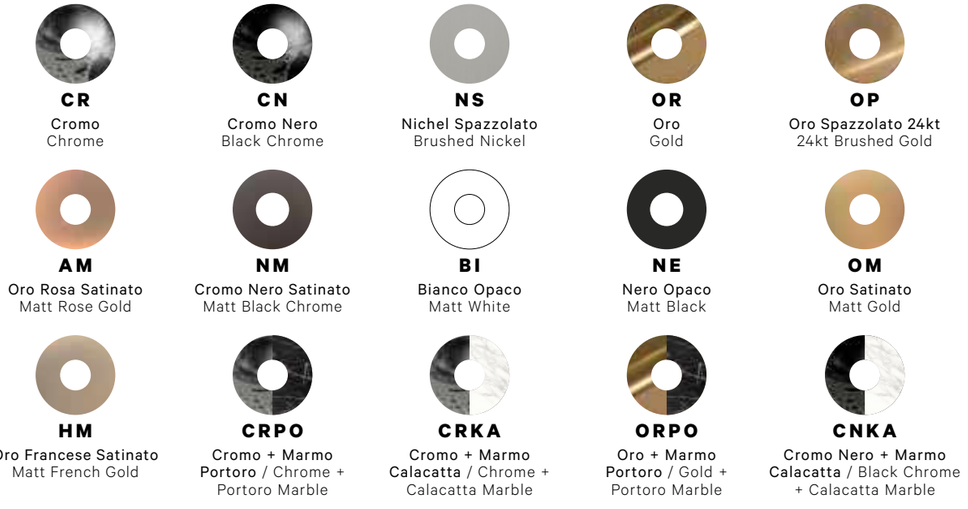

Technical details

VITONI: La serie Aqua è dotata di vitoni a dischi ceramici da 1/4 giro e cartuccia tradizionale diam 25 mm.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Aqua ha un tipo di erogazione morbida.I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
SISTEMI DI DEVIAZIONE: I deviatori Bongio completi sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano devono essere realizzati fori di ø 35 mm. massimo.

MECHANISM: Aqua series has 1/4' turn ceramic disc mechanism and 25 mms. traditional cartridge.
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: Aqua series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms. interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

DETTAGLIO DI CARATTERE

Detail with a strong character

L'eleganza delle linee geometriche e le loro proporzioni armoniche fanno di DOMINO Q una collezione dal carattere forte e deciso. La finitura bronzo si coniuga perfettamente con l'essenza naturale della materia. L'attenzione ai dettagli che contraddistingue la serie rende sofisticato ogni ambiente.

The elegance of its geometric lines and harmonious proportions make DOMINO Q a collection with a strong and resolute personality. The bronze finish perfectly blends with the natural essence of the raw material. The attention to detail that distinguishes this series makes every environment more sophisticated.

INFORMAZIONI TECNICHE

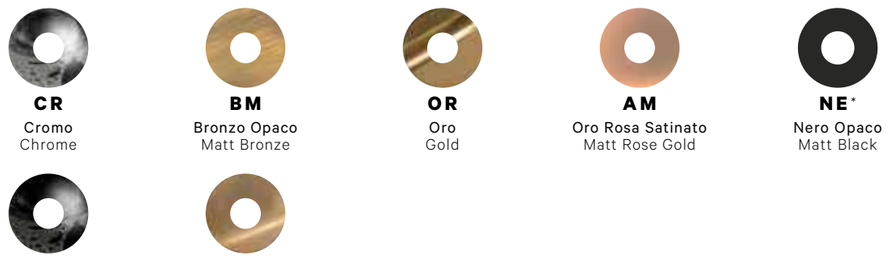

Technical details

CARTUCCIA: La serie Domino Q è dotata di diverse tipologie di cartucce: cartuccia ø 25 mm, cartuccia ø 35 mm senza distributore e cartuccia progressiva ø 35 mm. Il funzionamento della cartuccia miscelatrice avviene con movimento rotatorio in senso orario, permettendo un erogazione dell'acqua da completamente fredda a miscelata per passare a tutta calda, questo sistema permette una notevole riduzione di consumo di acqua calda.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
VITONI: La serie Domino Q è dotata di vitoni a dischi ceramici da 1/4 giro.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Domino Q ha un tipo di erogazione morbida.I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano devono essere realizzati fori di ø 35 mm. massimo.

CARTRIDGE: Domino Q series uses different kind of cartrdiges: ø 25 mms, ø 35mms without distributor and progressive cartridge ø 35 mms. The progressive cartridge works through a turning clock wise movement obtaining a water supply from completely cold to mixed water to total hot water, highly reducing hot water consumption.
The temperature of the plant must not exceed 70°. The ideal working pressure of the plant is 3 bar.
MECHANISM: Domino Q series has 1/4' turn ceramic disc mechanism .
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: Domino Q series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: all the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms. interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

DESIGN FUNZIONALE
Functional design

L'originale design con manopole a croce
e il sistema a risparmio d'acqua fanno di T CROSS
un prodotto che coniuga innovazione ed estetica.
Gli accessori sono dettagli che ispirano
uno stylish mood contemporaneo declinabile
secondo diverse interpretazioni abitative.

The original design with cross knobs and the water-saving system make T CROSS a product that skilfully combines innovation and aesthetic appeal. The accessories are details that inspire a stylish contemporary mood which can be customised to fit your particular furnishing style.

INFORMAZIONI TECNICHE

Technical details

LAVABO / WASHBASIN
Art. 30401NS00

VITONI: Le serie T Cross e T Lever sono dotate di vitoni a dischi ceramici da 1/4 giro.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: Le serie T Cross e T Lever hanno un tipo di erogazione morbida.
I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano devono essere realizzati fori di ø 35 mm massimo.

NOTA FINITURE FA / TT
I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

MECHANISM: T Cross and T Lever series has 1/4' turn ceramic disc mechanism.
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: The series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: all the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

FINISHES NOTE FA / TT
Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

GEOMETRIE SOFISTICATE

Sophisticated geometric shapes

Manopole a croce dalle linee nette, geometrie e particolari dal tratto sofisticato definiscono il carattere fortemente identitario di ALCOR, complemento perfetto per arredare spazi dalle atmosfere post industriali che racchiudono un'anima chic.

Cross knobs with clear-cut lines and sophisticated geometric shapes and details define the strong character and identity of ALCOR, which is the perfect furnishing item to decorate spaces with a post-industrial vibe that conceal a stylish soul.

INFORMAZIONI TECNICHE

Technical details

VITONI E CARTUCCE: La serie Alcor è dotata di vitoni a dischi ceramici da 1/4 di giro e di cartucce ø 35 mm. senza distributore tradizionale.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Alcor ha un tipo di erogazione morbida.I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano devono essere realizzati fori di ø 35 mm massimo.

NOTA FINITURE FA / TT
I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

CARTRIDGE & MECHANISM: Alcor series has 1/4' turn ceramic disc mechanism and ø 35 mms traditional cartridge.
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: Alcor series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

FINISHES NOTE FA / TT
Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

INNATE PASSION FOR LUXURY

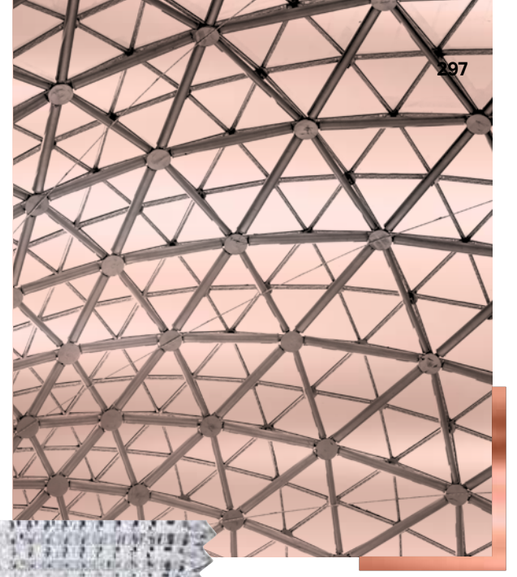

1

SCENOGRAFIE FUNZIONALI

Functional scenic designs

Prezioso nelle finiture e tecnologico nelle funzionalità, ROYALE80 è una collezione di impatto scenografico che arricchisce tutti gli ambienti dal mood decorativo accentuato come quelli dell'hôtellerie e degli spazi dell'ospitalità. I cristalli Swarovski® e la raffinata lavorazione dei metalli lo rendono adatto anche ad applicazioni residenziali dal gusto ricercato.

Owing to its elegant finishes and sophisticated technological features, ROYALE80 is a collection with a strong visual impact that is meant to decorate environments with an accentuated decorative mood like those we find in hotels and accommodation facilities.
The Swarovski® crystals and elegant metal finishes, though, also make it suitable for residential applications with a refined taste.

INFORMAZIONI TECNICHE

Technical details

VITONI: La serie Royale80 & Impero è dotata di vitoni a dischi ceramici 1/4 giro e di cartuccia progressiva Ø 35 mm.
Il funzionamento della cartuccia miscelatrice avviene con movimento rotatorio in senso orario, permettendo un erogazione dell'acqua da completamente fredda a miscelata per passare a tutta calda, questo sistema permette una notevole riduzione di consumo di acqua calda.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Royale80 & Impero ha un tipo di erogazione morbida.I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti incasso.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano, devono essere realizzati fori ø 35 mm massimo.

MECHANISM: Royale80 & Impero series has 1/4' turn ceramic disc mechanism and Ø 35 mms. progressive cartridge.
The progressive cartridge works through a turning clock wise movement obtaining a water supply from completely cold to mixed water to total hot water, highly reducing hot water consumption.
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: Royale80 & Impero series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

IL FASCINO DELLA MATERIA

The charm of the raw material

AXEL reinterpreta la rudezza della materia a effetto retrò con il design e la tecnologia più evolute, per arredare gli spazi della contemporaneità metropolitana. La sua finitura in ferro antico e gli accessori in stile classico sono ideali per il recupero architettonico di ambienti dalla forte personalità.

AXEL reinterprets the rawness of matter with a retro style featuring the most advanced design and technology to furnish modern-day cities. Its antique iron finish and classic accessories are ideal for the architectural restoration of environments with a strong personality.

INFORMAZIONI TECNICHE

Technical details

VITONI: La serie Axel è dotata di vitoni a dischi ceramici 1/4 giro e di cartuccia progressiva Ø 35 mm.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Axel ha un tipo di erogazione morbida.I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti incasso.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano, devono essere realizzati fori ø 35 mm massimo.

NOTA FINITURE FA / TT: I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

MECHANISM: Axel series has 1/4' turn ceramic disc mechanism and Ø 35 mms. progressive cartridge.
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: Axel series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

FINISHES NOTE FA / TT: Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

1

A TOUCH OF
CLASSIC ELEGANCE

RACCONTO EVOCATIVO

An evocative tale

Stile, eleganza, tradizione: TURANDOT evoca queste immagini con la sua sofisticata leva in porcellana, raccontando una storia senza tempo. L'estetica retrò rende la collezione protagonista di progetti d'arredo contemporanei dalla forte personalità.

Style, elegance, tradition: TURANDOT evokes these three concepts with its sophisticated lever adorned with porcelain, telling a timeless story. Retro-style aesthetics make this collection the key furnishing item when it comes to decorating contemporary living spaces with a strong personality.

INFORMAZIONI TECNICHE

Technical details

CARTUCCIA: La serie Turandot è dotata di diverse tipologie di cartuccie: ø 35 mm con e senza distributore.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Turandot ha un tipo di erogazione morbida.I lavabi e i bidet sono forniti con limitatore di portata da 8l/m, permettendo un notevole risparmio d'acqua.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti incasso.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano, devono essere realizzati fori ø 35 mm massimo.

CARTRIDGE: Turandot series uses different kind of cartridge: ø 35 mms. with or without distributor.
The temperature of the plant should not exceed 70 degrees. The suggested working pressure of the plant has to be 3 bar.
SUPPLY: Turandot series has a soft supply. Basin and bidet mixers have a standard limitation of flow to 8l/m which reduces the water waste.
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

RENEWED SEVENTIES ATTITUDE

ATTITUDINE CONTEMPORANEA

Contemporary attitude

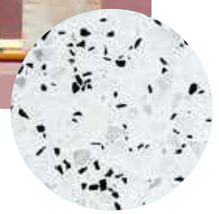

L'inconfondibile personalità degli Anni'70 rivisitata in ambienti dall'appeal contemporaneo. Un design prezioso che esplora accostamenti eclettici tra materiali e colori storici ma sempre attuali, valorizzando il potenziale di ogni ambiente grazie alle eleganti finiture della collezione Gio2.

The unmistakable personality of the '70s revisited in environments with contemporary appeal. A precious design that explores eclectic combinations of historical but always up-to-date materials and colours, enhancing the potential of any environment thanks to the elegant finishes of the Gio2 collection.

O'CLOCK

DESIGN BY **MARCO POLETTI**

#ONEMORETIME

1

IT'S TIME TO *CHANGE*

#DYNAMIC

LA BELLEZZA DELLA SEMPLICITÀ

The beauty of simplicity

Con le sue forme sinuose, semplici e sempre attuali O'CLOCK ricorda che la funzione non è secondaria al design. Perfetto in spazi contemporanei o in progetti di ristrutturazioni, incarna un'idea di modernità che sa convivere con ogni stile.

With its sinuous, simple and timeless shapes, O'CLOCK reminds us that function is no less important than design. Perfect for contemporary spaces or renovation projects, this line embodies an idea of modernity that knows how to blend in with any style.

INFORMAZIONI TECNICHE

Technical details

CARTUCCIA: La serie O'Clock è dotata di diverse tipologie di cartucce: cartuccia ø 25 mm e cartuccia ø 35 mm senza distributore.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie O'clock ha un tipo di erogazione morbida.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso completi Bongio sono forniti di relative parti da incassare.
Per i miscelatori lavabo e bidet da installarsi su piano, devono essere realizzati fori di ø 35 mm. massimo.

CARTRIDGE: O'Clock series uses different kind of cartrdiges: ø 25 mms and ø 35 mms without distributor.
The temperature of the plant must not exceed 70°. The ideal working pressure of the plant is 3 bar.
SUPPLY: O'clock series has a soft supply.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure.
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

MAKE THE
DIFFERENCE

IRONIA CONTEMPORANEA

Contemporary irony

Essenziale e minimalista T.UBE abita il contemporaneo con personalità creativa. Le linee e le rifiniture colorate ne fanno un complemento d'arredo giocoso, adatto a inserirsi in ambienti pop che rileggono il mondo con ironia.

Essential and minimalist, T.UBE inhabits the contemporary with creative personality. Its coloured lines and finishes make it a playful furnishing item suitable to decorate pop-art environments that reinterpret the world with a sense of irony.

INFORMAZIONI TECNICHE

Technical details

CARTUCCIA: La serie T.ube è dotata di diverse tipologie di cartucce: cartuccia ø 25 mm e cartuccia ø 35 mm senza distributore.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie T.ube ha un tipo di erogazione morbida.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti incasso.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano, devono essere realizzati fori ø 35 mm massimo.

Miscelatori compatibili collezione ON da pag. 414

CARTRIDGE: T.ube series uses different kind of cartrdiges: ø 25 mms and ø 35 mms without distributor.
The temperature of the plant must not exceed 70°. The ideal working pressure of the plant is 3 bar.
SUPPLY: T.ube series has a soft supply.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

Compatible mixer taps, ON collection, from page 414

SEMPLICE CON STILE

Simple, with style

ON si fa interprete di un'eleganza minimale e fuori dal tempo in cui forma e funzione si integrano perfettamente. Le linee rotonde e morbide si intersecano dando origine a un gioco di volumi, per un total look che conferisce carattere a ogni ambiente.

ON becomes the symbol of a minimal and timeless elegance where shape and function blend seamlessly. The round and soft lines intersect producing an interplay of volumes, for a total look that will add character to any living space.

Le forme minimali e pulite enfatizzano lo stile aggressivo e ricercato di LINE. Lo slancio del corpo e del comando, le linee definite, la disponibilità nelle finiture bianco, nero e cromo e la serie completa di accessori lo rendono perfetto per ambienti dal total look grintoso e di tendenza.

Minimal and clean shapes emphasise LINE's aggressive and refined style. The momentum of the body and handle, the clear-cut lines and variety of finishes in white, black and chrome along with the full range of accessories make LINE perfect to decorate living spaces with a gritty and trendy total look.

INFORMAZIONI TECNICHE

Technical details

CARTUCCIA: La serie Line è dotata di diverse tipologie di cartucce: cartuccia ø 25 mm e cartuccia ø 35 mm senza distributore.
La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
EROGAZIONE: La serie Line ha un tipo di erogazione morbida.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare.
Per i miscelatori lavabo e bidet da installarsi su piano, devono essere realizzati fori di ø 35 mm. massimo.

NOTA FINITURE FA / TT: I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

CARTRIDGE: Line series uses different kind of cartrdiges: ø 25 mms and ø 35 mms without distributor.
The temperature of the plant must not exceed 70°. The ideal working pressure of the plant is 3 bar.
SUPPLY: Line series has a soft supply.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: All the built-in Bongio items are available with universal raw built-in body.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

FINISHES NOTE FA / TT: Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

CREATIVE DIALOGUE

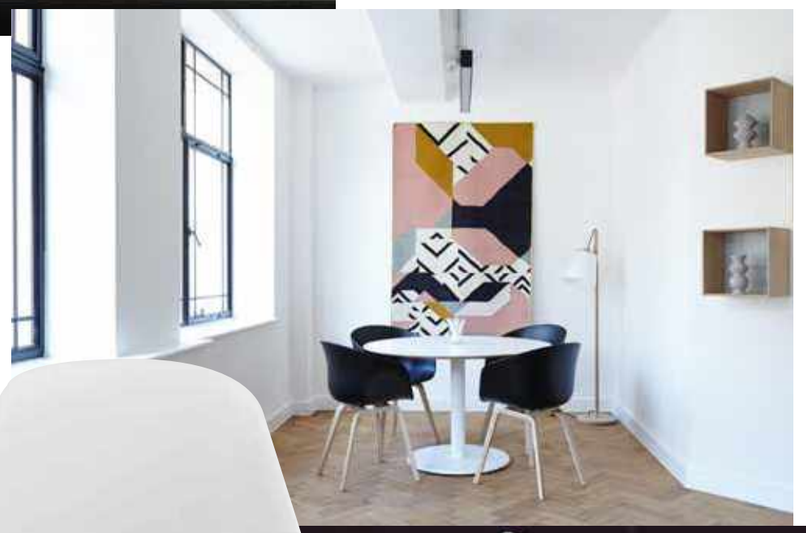

DETTAGLIO VERSATILE

Versatile details

Funzionalità ed estetica in dialogo creativo: la collezione coniuga la ricercata forma ad arco con soluzioni tecnologiche evolute.
L'ampia gamma di finiture e accessori e le due varianti – T MIX con leva incorporata e T LEVA LATERALE - ne fanno una serie poliedrica dalle innumerevoli possibilità applicative.

Functionality and aesthetics set within a creative dialogue: this collection combines the refined arched shape with advanced technological solutions.
The broad range of finishes and accessories and the two versions – T MIX with built-in lever and T LEVA LATERALE – make it a versatile series that lends itself to a variety of applications.

INFORMAZIONI TECNICHE

Technical details

CARTUCCIA: La Serie T Mix e T Leva Laterale è dotata di cartuccia ø 35 mm con e senza distributore a seconda degli articoli. La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
TERMOSTATICI: La serie T Mix e T Leva Laterale monta sugli incassi doccia la cartuccia termostatica ø 40 mm predisposta per pulsante di sicurezza antiscottatura per bloccare la temperatura a 38°C. La temperatura d'impianto deve essere compresa tra minimo 10°C e massimo 65°C, inoltre la temperatura dell'acqua calda in entrata, nel miscelatore, deve essere di almeno 10°C superiore alla massima temperatura dell'acqua calda desiderata in uscita. La pressione di esercizio consigliata è di 3 bar e la massima differenza di pressione tra entrata acqua calda ed entrata acqua fredda deve essere di 1,5 bar.
EROGAZIONE: La serie T Mix e T Leva Laterale ha un tipo di erogazione morbida.
SISTEMI DI DEVIAZIONE: I deviatori Bongio sono testati per funzionare da un minimo di 0,5 bar pressione.
INSTALLAZIONE: Tutti gli articoli ad incasso Bongio completi sono forniti di relative parti da incassare.
Gli articoli doccia e vasca esterni hanno un interasse di 15±20 mm.
Per gli articoli lavabo e bidet, monoforo e tre fori, da installarsi su piano, devono essere realizzati fori ø 35 mm massimo.

Miscelatori compatibili collezione ON da pag. 414

CARTRIDGE: T Mix and T Leva Laterale series has a ø 35 mms cartridge with or without distributor, depending on the items.
The temperature of the plant must not exceed 70°. The ideal working pressure of the plant is 3 bar.
THERMOSTATIC MIXERS: T Mix and T Leva Laterale series has on the built in shower mixers a ø 40 mms thermostatic cartrdige. Prepared for a security system plug to stop at a maximum temperature of 38° to avoid warm shock. The temperature of the plant must be levelled between a minimum of 10° and a maximum of 65°, the temperature of the incoming warm water in the mixer, must be 10° higher than the maximum temperature of the warm water desired at the exit. The Ideal working pressure should be 3 bar and the maximum pressure difference between warm water entry and cold water entry must be 1,5 bar.
SUPPLY: T Mix and T Leva Laterale series has a soft supply.
DIVERTING SYSTEMS: Bongio diverters have been tested to work properly starting from a minimum 0,5 bar pressure
INSTALLATION: All the built-in mixers Bongio items are available with universal raw built-in body.
All the external shower and bath mixers have the 15±20 mms interaxe.
For the basin and bidet mixers - single or three holes - to be place on top deck, they require ø 35 mms maximum holes.

Compatible mixer taps, ON collection, from page 414

PUREZZA QUOTIDIANA

Routine purity

Purezza, sostanza e funzionalità sono i tre principi che fanno di PI7 il protagonista della quotidianità. Le linee squadrate e compatte e la finitura cromo danno vita a un look adatto a soddisfare ogni esigenza stilistica.

Purity, essence and functionality are the three principles that make PI7 the star of everyday life. The square, compact lines and chrome finish create a look that will fit any decorative style.

Art. 00977CREL

LAVABO / WASHBASIN
Art. 30501CREL
speciale articolo elettronico a campo magnetico / special sysyem with magnetic field

INFORMAZIONI TECNICHE

Technical details

EROGAZIONE: Tutti i miscelatori sono dotati di regolatore di portata o di aeratore con limitatore di portata a 8 l/m.
ALIMENTAZIONE ELETTRICA: Il tipo di alimentazione elettrica è fornita attraverso batterie standard al litio da 6 v, quindi i nostri miscelatori non richiedono collegamento alla rete elettrica tranne per quanto riguarda la bocca a soffitto che viene collegata tramite trasformatore. In caso di esigenza, si può fornire il miscelatore di un trasformatore adatto al collegamento all'impianto elettrico senza quindi l'utilizzo delle batterie.
SEGNALE BATTERIA SCARICA: Ogni articolo è provvisto di segnalazione di batteria scarica.
DISTANZA DI RILEVAMENTO: Su tutti i miscelatori è programmabile la distanza di rilevamento e quindi di lettura della presenza della mano dell'utilizzatore che aziona l'erogazione e viene percepita tramite sensori ad infrarossi oppure attraverso sistema capacitivo che utilizza il campo magnetico che si applica al miscelatore.
REGOLAZIONE TEMPERATURA E PRESSIONE: I miscelatori elettronici vengono forniti di un set di rubinettini per predisporre una pre-miscelazione dell'acqua e in altri casi bisogna abbinare una valvola di premiscelazione termostatica. La pre-miscelazione dell'acqua su specifica richiesta del cliente può essere ottenuta anche attraverso un miscelatore termostatico installato a monte del sistema elettronico. La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.

SUPPLY: All the mixers have a flow regulator or a perlator with flow limitation at 8l/m.
ELECTRICAL SUPPLY: The electrical supply comes from lithium batteries standard of 6 v, therefore our mixers do not need a connection to the electrical supply, except for the ceiling spout which is connected through trasformer. On request the mixer can be supplied with a special transformer which can be connected to the electrical plant, avoiding the use of the batteries.
SIGNAL OF EXHAUSTED BATTERY: Each item has a system of signal of exhausted battery.
DISTANCE OF PRESENCE: It is possible to programme the distance of presence on each mixer, therefore to feel the presence of the hand of the user who causes the water supply. This presence has feel through infrared sensors or through a system utilizing a magnetic field.
REGULATION OF THE TEMPERATURE AND OF THE PRESSURE: The electronical mixers are supllied with a set of small taps which can be used for an advancemixing of the water. The advance-mixing of the water can be obtained, on customer demand, also through a thermostatic mixer installed before the electronical system. The temperature of the plant mus not exceed 70°C. The ideal/ suggested pressure of the plant is 3 bar.

INFORMAZIONI TECNICHE

Technical details

VITONI e CARTUCCE: Gli articoli della serie Cucina sono dotati di vitoni a dischi ceramici ¼ di giro e di cartucce di diverse tipologie di cartucce: cartuccia ø 25 mm, cartuccia ø 35 mm senza distributore e cartuccia progressiva ø 35 mm. Il funzionamento della cartuccia miscelatrice progressiva avviene con movimento rotatorio in senso orario, permettendo un'erogazione dell'acqua da completamente fredda a miscelata per passare a tutta calda, questo sistema permette una notevole riduzione di consumo di acqua calda. La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.
INSTALLAZIONE: I fori da realizzare sui piani cucina, per una corretta installazione degli articoli, devono avere ø 35 mm. massimo.
FUNZIONALITÀ: Tutti gli articoli da piano e da muro sono dotati di bocca girevole ed inoltre alcuni miscelatori sono dotati di bocca abbattibile per l'utilizzo sottofinestra.

NOTA FINITURE FA / TT: I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

MECHANISM AND CARTRIDGES: All Cucina items (sink series) have 1/4'turn ceramic disc mechanism and different types of cartridges: ø 25 mms., ø 35 mms. without distributor and progressive cartridge ø 35 mms. The progressive cartridge works through a turning clock wise movement obtaining a water supply from completely cold to mixed water to total hot water, highly reducing hot water consumption. The temperature of the plant must not exceed 70°C. The ideal working pressure of the plant is 3 bar.
INSTALLATION: the holes on the kitchen plan, for a perfect deck installation of the items, should have a maximum ø 35 mm.
FUNCTIONALITY: All the kitchen items for wall and deck installation have a swiveling spout, some mixers are also suitable for installation under the windows with removable spout.

FINISHES NOTE FA / TT: Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

NOTA FINITURE FA / TT: I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

FINISHES NOTE FA / TT: Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

SOFFIONI A SOFFITTO E CROMOTERAPIA
CEILING SHOWER HEAD AND CHROMOTHERAPY

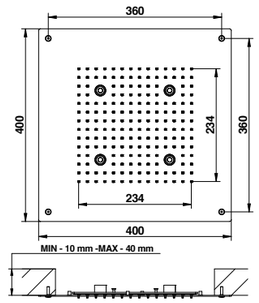

Art. 00888TTC813
Su richiesta stampa personalizzata sui soffioni / Personalized printing on the shower heads upon request

888/C4QPR CROMOTERAPIA/CHROMOTHERAPY

Soffione doccia 400x400 mm in acciaio, incasso a soffitto funzione pioggia e cromoterapia con touch control per attivazione cromoterapia.

400x400 mms. steel square ceiling shower head rain function and chromotherapy with touch control for chromotherapy activation.

ARTICOLO COMPLETO / COMPLETE ITEM

888CRC40QPR	CR
888ASC40QPR	AS
888BIC40QPR	NE/BI
888ORC40QPR	OR

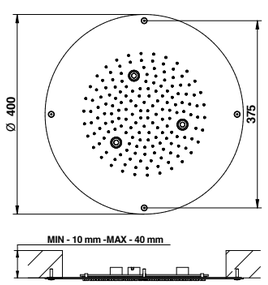

Sistema anticalcare Fast Clean. Pressione dinamica minima di utilizzo 0,5 bar. Portata a pressione dinamica: uscita pioggia con limitatore 3 bar - 14 l/min. / Fast Clean shower. Minimum dynamic pressure of use 0,5 bar. Flow rates at dynamic pressure: rain exit with limitation system 3 bar - 14 l/min.

888/C4RPR CROMOTERAPIA/CHROMOTHERAPY

Soffione doccia tondo in acciaio, incasso a soffitto Ø 400 mm funzione pioggia e cromoterapia con touch control per attivazione cromoterapia.

Ø 400 mms. steel round ceiling shower head rain funcion and chromotherapy with touch control for chromotherapy activation.

ARTICOLO COMPLETO / COMPLETE ITEM

888CRC40RPR	CR
888ASC40RPR	AS
888BIC40RPR	NE/BI

INFORMAZIONI TECNICHE

Technical details

FINITURE E COLORI

Finishes and colours

NOTA FINITURE FA / TT: I prodotti nelle finiture Ferro Antico (FA) e Terra di Toscana (TT) vengono realizzati con trattamenti manuali e, data la particolare lavorazione artigianale, possono presentare una colorazione non uniforme.

FINISHES NOTE FA / TT: Products in Ferro Antico (FA) and Terra di Toscana (TT) finish are made with manual treatments and may therefore display colour variations due to the particular craftsmanship.

CONDIZIONI GENERALI DI VENDITA

Le presenti condizioni generali disciplinano tutti gli attuali e futuri contratti fra le parti, salvo eventuali deroghe concordate per iscritto. Le condizioni generali del compratore non troveranno applicazione nei rapporti futuri tra le parti se non espressamente accettate per iscritto dalla Mario Bongio S.r.l.

1. Applicazione del contratto
L'invio da parte del compratore di un ordine al venditore comporta l'applicazione al contratto di vendita delle presenti condizioni generali. Il venditore si riserva il diritto di accettare o rifiutare l'ordine ricevuto. Le offerte stipulate da agenti, rappresentanti ed ausiliari del commercio del venditore al compratore, non sono impegnative fino a quando non siano confermate dalla sede centrale del venditore stesso.

2. Prezzi
I prezzi indicati nei listini Mario Bongio S.r.l sono in euro e sono da intendersi esclusi di costi di trasporto, assicurazione ed iva.
Ai prezzi deve essere applicata l'aliquota in vigore al momento della fatturazione. Il venditore si riserva di modificare i prezzi e/o variare il listino prezzi senza alcun preavviso.

3. Resa della merce
Salvo patto contrario, la fornitura dei prodotti si intende Franco Fabbrica del venditore: trasporto ed assicurazione sono pertanto a carico del compratore ed i rischi relativi al trasporto della fornitura passano al compratore nel momento in cui i prodotti lasciano lo stabilimento del venditore. Nel qual caso il venditore agisce come mandatario del compratore, il trasporto verrà effettuato a rischio del compratore.

4. Termini di consegna
I termini di consegna indicati sulle conferme d'ordine non sono tassativi e, in nessun caso, possono giustificare ritardi nei pagamenti o dare luogo a risarcimento di danni e/o contestazioni. È esclusa qualsiasi responsabilità del venditore per danni derivanti da anticipata, ritardata o mancata consegna, totale o parziale. Il compratore è sempre tenuto a prendere in consegna i prodotti, anche in caso di consegne parziali e quando i prodotti vengano consegnati prima o successivamente alla data di consegna stabilita. Il termine di consegna verrà prorogato di un periodo pari a quello della durata dell'impedimento al verificarsi di cause di forza maggiore. In nessun caso, a causa del verificarsi di tali circostanze, il compratore potrà esigere compensi o indennizzi di qualsiasi natura.

5. Garanzia
Il venditore garantisce la conformità dei prodotti forniti. Con 'termine di conformità dei prodotti' si intende che essi corrispondono per qualità, quantità e tipo a quanto stabilito nel contratto e che sono esenti da vizi che potrebbero renderli non idonei all'uso cui sono destinati. La garanzia è limitata ai soli difetti dei prodotti conseguenti a difetti di progettazione, di produzione, di materiale o di costruzione, riconducibili al venditore, e non si applica nel caso in cui il compratore non abbia effettuato una corretta conservazione/manutenzione dei prodotti e/o li abbia modificati senza il consenso del venditore. Il venditore non risponde dei difetti dovuti all'usura di quelle parti che, per loro natura sono soggette a usura rapida e continua. Per ogni altra precisazione si rimanda al libretto di garanzia generale Mario Bongio S.r.l.

6. Reclami
Il compratore è tenuto a verificare la conformità dei prodotti e l'assenza di vizi entro otto giorni dalla data di ricevimento delle merci. I reclami relativi a non conformità dei prodotti forniti dovranno essere pertanto effettuati, a pena di decadenza, entro e non oltre otto giorni dal ricevimento della merce. Tutti i reclami devono essere inviati al venditore, per iscritto, via mail e devono riportare nel dettaglio i vizi e le non conformità contestate. In caso di reclamo effettuato nei termini e nei modi sopra indicati, la merce dovrà essere tenuta integralmente a disposizione del venditore per i controlli che lo stesso riterrà opportuni.

7. Rimedi
In caso di prodotti non conformi, e dopo aver ricevuto un rapporto dettagliato dal compratore, il venditore potrà, a sua insindacabile scelta:
a) fornire gratuitamente Franco Fabbrica al compratore prodotti dello stesso genere e quantità di quelli risultanti difettosi o non conformi a quanto pattuito, dopo averne ottenuto la resa per la verifica. L'eventuale sostituzione effettuata prontamente dal venditore non può essere ritenuta un implicito riconoscimento dei vizi contestati. Qualora il venditore, in sede di verifica, non riconosca viziati i prodotti, provvederà alla fatturazione di quelli inviati in sostituzione;
b) emettere una nota di accredito a favore del compratore per un importo corrispondente al valore dei prodotti difettosi.
In entrambi i casi il venditore ha diritto alla restituzione dei prodotti difettosi, che diventano di sua proprietà.

8. Resi
I resi di merce da parte del compratore dovranno sempre comunque essere autorizzati per iscritto dalla nostra sede. I resi preventivamente autorizzati devono giungere al venditore franco magazzino di San Maurizio d'Opaglio in buon ordine e negli imballaggi originali.
L'accredito per le merci rese, sarà stilato ad avvenuta presa in carico del nostro magazzino e relativo controllo. Danni ai prodotti ed agli imballaggi saranno dedotti dall'accredito medesimo.

9. Pagamento
I pagamenti ed ogni altra somma dovuta a qualsiasi titolo al venditore, si intendono netti al suo domicilio. I pagamenti dovranno essere effettuati nei termini stabiliti anche in caso di ritardo nella consegna, oppure di perdita totale / parziale della merce non imputabile al venditore. Qualsiasi ritardo o irregolarità nel pagamento, concede al venditore il diritto di sospendere le forniture successive e/o future e di risolvere eventuali contratti in corso, anche non direttamente relativi ai pagamenti in questione, nonché il diritto al risarcimento degli eventuali danni.
Il venditore ha altresì il diritto, a decorrere dalla scadenza del pagamento, agli interessi moratori nella misura stabilita in Italia dall'art. 5 del Decreto Legislativo 9 ottobre 2002 n. 231 ed il diritto di escludere la garanzia sul prodotto. Il cliente non ha diritto di effettuare trattenute a compensazione sui pagamenti, anche in caso siano in essere contestazioni e/o ritardare qualsiasi altro pagamento dovuto.

10. Riserva di proprietà
I prodotti consegnati restano di proprietà del venditore sino al momento del completo pagamento del prezzo.

11. Legge applicabile e foro competente
Tutti i contratti disciplinati dalle presenti condizioni generali sono regolati dalla legge italiana. Per ogni controversia relativa o comunque collegata a contratti cui si applicano le presenti condizioni generali è esclusivamente competente il foro del tribunale di Novara.

12. Importo minimo ordini
MERCATO NAZIONALE ITALIA
Per ordini inferiori a € 250,00 viene richiesto un contributo spese amministrative di € 20,00.
Il minimo valore d'ordine per porto franco è € 600,00.
MERCATO UE
Per ordini inferiori a € 250,00 viene richiesto un contributo spese amministrative di € 20,00.
Il minimo valore d'ordine per porto franco è € 800,00.
MERCATO EXTRA-UE
Per ordini inferiori a € 250,00 viene richiesto un contributo spese amministrative di € 40,00.
Eventuali certificati di origine o altri, verranno quantificati a parte.
Il minimo valore d'ordine per porto franco è € 1.500,00.

13. Cataloghi cartacei e digitali
Le illustrazioni dei prodotti sono una rappresentazione di ogni articolo, ma non costituiscono impegno di fedele esecuzione. In particolare, l'indicazione delle tonalità di colore/finiture delle fotografie, cataloghi e/o eventuali campioni deve considerarsi puramente indicativa e, quindi, eventuali differenze cromatiche non possono essere denunciate come vizio, in quanto non modificative delle qualità essenziali del prodotto. L'azienda si riserva il diritto di effettuare modifiche sia tecniche che estetiche senza preavviso, come pure procedere alla eliminazione di singoli articoli o di serie complete.

14. Accettazione Condizioni
L'avvenuta esecuzione del contratto con il ritiro della merce da parte del cliente è considerata quale tacita accettazione delle presenti condizioni.

Il presente catalogo annulla e sostituisce i precedenti.
Le informazioni in esso contenute possono subire variazioni senza alcun preavviso.

GENERAL SALE CONDITIONS

These general sale conditions of sale regulate all current and future contracts between the parties, except for any further derogation agreed in writing. Any general conditions of the buyer will not be applied in the future cooperation between the parties, unless expressly accepted in writing by Mario Bongio S.r.l.

1. Application of the Contract
The buyer, placing the order, fully accepts automatically the application of these general terms. The Seller reserves the right to accept or refuse the order of the buyer. Offers made by agents, representatives or auxiliaries of the seller to the buyer, are not binding until they are confirmed directly by the seller itself.

2. Prices
The prices indicated in the Mario Bongio S.r.l price lists are in Euro currency and they do not include shipment costs, VAT or any other tax. The Seller has the right to amend the prices/price list without any prior notice.

3. Delivery of the goods
Unless otherwise agreed in writing, the supply of the products has to be considered ex-factory (ex-works) San Maurizio d'Opaglio uncleared at customs: transport and insurance costs are therefore at buyer account and all the risks relative to the transportation and/or handling of the products are responsibility of the buyer in the moment the products leave the warehouse of the seller. In the case the seller will act as the buyer's agent, transport, insurance costs and all the risks will be again at buyer account.

4. Delivery time of the goods
The delivery time indicated on the order confirmation is not peremptory and it cannot be justification for delays in payments or claims for damages. Any liability of the seller has excluded from any damages coming from anticipated, delayed or non-delivery, total or partial of the goods.
The buyer is always required to accept the delivery of the products, even in the case of partial deliveries and when the products have been delivered before the established delivery date or successively to that date. The delivery time will be extended accordingly at the occurrence of causes of force majeure. In any case, due to the occurrence of such circumstances, the buyer may demand any compensation or refund.

5. Guarantee
The seller guarantees the compliance of the products supplied; the term 'compliance of the products' means the products correspond in quality, quantity and type, to what has been agreed in the contract and that they are without defects, that could prevent use for which they are intended to be. The guarantee against defects has limited only to production defects that can be attributed to the seller and it does not apply in the case where the buyer is unable to prove a correct preservation of the product and where he has modified and/or handled them without the agreement of the seller. The seller is not liable for defects due to the wear and tear of those parts which by their nature are subject to a rapid and continuous wear and tear. For any further details relative to the Warranty, pleases go through the general Mario Bongio S.r.l warranty book.

6. Claims
The purchaser has to control the compliance of the products and the absence of flaws within eight days from receipt of the material.
Claims relevant to non-conformities of the goods must be communicated, on pain of forfeiture, within and not later than eight days from receipt of the material at their place of destination. Claims must be sent by written email to the seller and must be well detailed.
In case of a claim, regularly effected as specified above, the material should be taken at disposal of the seller for the necessary controls.

7. Resolution of the Claims
In case of faulty products and after receiving a detailed report form the buyer, the seller may, at his discretion:
a) supply the products ex-factory to the buyer – same type and quantity of the defective ones – only after receiving and checking the defective ones. Any replacement carried out promptly by the seller, cannot be considered as implicit recognition of the claimed defects.
After inspection, if the goods result not defective, the seller will invoice the ones sent in replacement;
b) issue a credit-note to the buyer of the same value of the detective products.
In both cases the buyer will return the faulty products to the seller.

8. Returned goods
The buyer should receive a written authorization of the seller before sending back the goods.
The authorized goods will be delivered free our warehouse in San Maurizio d'Opaglio. The credit note for the returned goods will be settled only after reception and inspection of the goods, done by our quality control department. Damages caused to the products or bad and/or not original packaging will be deducted from the credit note.

9. Payments
The payments and every other sum due to the seller, are understood as net at the registered office of the seller. Payments must be settled within the established date, also in case of late delivery or loss of total / partial merchandise is not attributable to the seller. Any delay or irregularity in the payment gives the seller the right to suspend the supply or to cancel the existing contract, even if they are not relevant to the payments in question, as well as the right to balance of eventual damages. The seller has also the right – starting from the payment deadline – to debit the interests for delay as per art. 5 of Italian Legislative Decree no. 231 of 09/10/2002. The delays of payments, likewise, give the seller the right to exclude the guarantee.
The customer has no right to balance and/or to deduct any payments, even when they are in dispute.

10. Retention of Title
The delivered products remain seller's property until the moment of the complete payment of the price.

11. Applicable Low and Competent Law-Court
All Contracts ruled by these general conditions are submitted to Italian Law. For any controversy relative to, or connected to the contractual products to which these general conditions apply, Novara court has exclusive competence.

12. Minimum order value
NATIONAL MARKET ITALY
For order value lower than € 250,00, Mario Bongio S.r.l will debit an extra cost of € 20,00 for administrative expenses
The minimum order value required for free destination delivery is € 600,00.
UE MARKET
For order value lower than € 250,00, Mario Bongio S.r.l will debit an extra cost of € 20,00 for administrative expenses. The minimum order value required for free destination delivery is € 800,00.
EXTRA-UE MARKET
For order value lower than € 250,00 Mario Bongio S.r.l will debit an extra cost of € 40,00 for administrative expenses.
Certificates of Origin or other extra documents will be debited separately and based on each single request of the buyer. The minimum order value required for free destination delivery is € 1.500,00.

13. Paper or elettronic catalogues
The images of the products, they represent each article but must not be considered as perfect reproductions of the real piece.
Especially for as concern the colours and/or the finishes represented in the catalogues, price lists, pictures, web site, social media, samples or any other marketing object, they should be considered purely indicative and they cannot be denounced as a flaw, as they do not modify the essential qualities of the product itself. Mario Bongio S.r.l reserve the right to make changes, either aesthetic or techniques, without warning anyone, as well as proceeding with elimination of individual articles or complete series from the production.

14. Acceptance of conditions
The execution of the contract with the acceptance of the goods by the buyer, it will be considered as implicit acceptance of these conditions.

This catalogue deletes and replaces the previous editions.
The details therein contained may change without any prior notice.
